

Worksheet 1

1. The frequency table below shows the speeds of one hundred tennis balls hit by a professional tennis player.

Speed (Class Limits)	Frequency	Relative Frequency	Cumulative Frequency
0-29	4		
30-59	16		
60-89	60		
90-119	20		

Fill in the blanks.

2. On a math test, the scores of 24 students were:

91 73 79 66 79 79 91 83 79 68 87 73  
73 87 79 73 87 79 73 83 73 87 83 66

- a. Construct a frequency table with 4 classes beginning with a lower class limit of 60.

Score (Class Limits)	Frequency	Cumulative Frequency
60-		

- b. Fill in the cumulative frequency column.
